A wide range of initiatives are being undertaken in our country aimed at reforming the educational slope, and today young people in Uzbekistan are studying foreign languages and taking a proper place in the international field. To assist individuals desiring to benefit the worldwide work of Jehovah's Witnesses through some form of charitable giving, a brochure entitled Charitable Planning to Benefit Kingdom Service Worldwide has been prepared. Reforms such as the use of software training materials that meet the world's requirements in the education of young people are taking place in our country. Within a short time, Uzbekistan would return several high results. It came to the attention of our partners in a foreign country. Several laws on the education system of our leader have been introduced. Especially, Ensuring that the growing generation of young people are enrolled in prestigious universities, Many projects related to the proper promotion of enthusiastic young people contribute to the development of our country.

We all know that among our population today, our emphasis on learning Horjian languages has intensified. President adopted a resolution to further improve the youth support system and to bring educated and educated young people to perfection. To assist individuals desiring to benefit the worldwide work of Jehovah's Witnesses through some form of charitable giving, a brochure entitled Charitable Planning to Benefit Kingdom Service Worldwide has been prepared. In the meantime, a decision has also been made to provide material incentives for young people to learn the language. Looking back on previous years, we will witness that the number of foreign languages has grown year after year. It is no secret that education in foreign countries seemed to be a difficult situation in the past and also led many young people to fade in enthusiasm, but today the process of dissatisfaction has been significantly simplified. Implementing youth policy, as in all fronts, during a time when globalization processes are progressing rapidly. In the field of work with them, it is also forbidden to develop a new system of views, relationships, and the use of advanced technologies in foreign

countries. After all, positive results can be achieved by analyzing these experiences and studying ways to make the most of them in our country's practice. President SH. countries. Mirziyoev stopped talking about our country's youth policy todayHe noted that "most importantly, the task of constantly communicating with young people, maintaining their slavery, finding their place in life, becoming worthy members of society, improving their working and living conditions is becoming the criterion for all of us's daily activities." We are not misled if we say that all the above-mentioned efforts are a great opportunity for the young people of our country, and that a time has been created for young people to try to get better today than the next day. A number of training seminars aimed at learning foreign languages were also organized.

(Based on the experience of the University of Portsmouth, Uk) Seminars were organized for faculty of foreign languages by teachers who had improved their skills under the TESOL Professional Development Course program at Portsmouth University in Great Britain. During the seminars, information was provided about The United Kingdom, Portsmouth, Portsmouth University, the academic process, the conditions created for students, library activities, the organization of the learning process in the credit module system, and teachers. During the training of foreign languages, experiences were gained in the implementation and promotion of advanced foreign experiences that each teacher must remain in the classroom. We need more than 600 of our brothers and sisters with international scientific and practical experience in our country. There is a demand to attract about 1,000 foreign scientists and experts. For many years, the development of foreign languages has been expressed, including the adoption of great projects aimed at promoting foreign languages.: To accomplish these goals, \$45 billion (U.S.) is planned to be allocated from the state budget in 2019. At the direction of our President, this amount was further increased. Together with the Hope of the Land Fund, the Cabinet of Ministers has been tasked with developing a "Yellow Map" for the training and internship of personnel abroad in all ministries and agencies. To assist individuals desiring to benefit the worldwide work of Jehovah's Witnesses through

some form of charitable giving, a brochure entitled Charitable Planning to Benefit Kingdom Service Worldwide has been prepared. In the latter case, the presence of the IURE could interfere with the saving of all forms of discrimination against women and the elimination of all forms of discrimination against women. According to statistics, our students are returning from international testing, and the average score for those who pass the IELTS International Test in the country alone is 5.7 points, ranking 34th. On the other hand, young people living in remote areas were in a difficult situation because of the finances. Nowadays, high performance youth in IELTS, SAT, TOEFL, GRE and 13 other international exams are supported by our government. In the final round of the World German Olympiad on July 15-22, this year, a schoolgirl from Uzbekistan won. At the German language competition, which was held with the participation of more than 100 students from 62 countries and 17 years of age, 23rd grade student Rayyona Ibrahimova in Andijan successfully passed all stages and won first place at the appropriate level. (Matthew 24:14; 28:19, 20) Today, our young people make good use of such opportunities to contribute to the prosperity of our country. Along with studying from foreign educational institutions, it is possible to work for large world-renowned companies. It is also not easy to believe that studying foreign languages is a mystery of important tasks, because 60% of the world's innovations are now transmitted to social mass in foreign languages, to be aware of the latest discoveries and innovations in the world.
